- c) **Nature:** Question paper will be of 100 marks. There will be 50 objective type questions (MCQ). Each question will carry 2 marks. There will be four choices of answers; student has to select one out of them. There will be no negative marking.
- d) **Duration:** Duration for entrance examination will be of **one hour**.
- e) **Mock Test:** **Mock test will be scheduled on Saturday 10th June, 2023 at 3.00 to 5.00 p.m.** For the mock exam and actual entrance examination the link will be provided on registered mobile number via SMS. Go to the link, go to the Student option and login by entering your login ID and password. Your **login ID and password** is your registered **mobile number**. Your username will be activated one day before the mock test. After logging in, you will see the Mock Test at above given time. Everyone is mandatory to attempt it. So that you will not have any problem during the actual examination.
- f) **Ethics For Examination:**
 - We are using Proctor which uses a state-of-the-art method that will prompt you to turn on the camera of your Mobile/Laptop at the start of the online exam. If you start the camera then only the exam will start.

- We will monitor your all activities when the camera starts but you will only see questions.
- In some mobile phones, direct questions will appear without giving a camera alert, which means that the camera will turn on automatically and you will be monitoring by us.
- Before starting the online exam, make sure that the battery of the mobile phone or laptop you are going to use is properly charged.
- Even though online exams require very little data, make sure you have sufficient mobile network, internet data and speed.
- As a precaution you should not let anyone call you during the exam, you should tell your loved ones in advance that you have the exam. So that you don't get distracted when someone calls you while giving your paper.
- If the internet is down during the exam and the exam is interrupted, login again without panic. Your exam starts again from where it stopped.
- In case of any major problem, please contact following provided contact numbers.
- Online exams will start on time. Then login with your login ID and password ten minutes before the start of the exam.
- After saving the answers to all the questions (click on End exam). If the exam time is over, the exam ends automatically and your answers are collected. So pay attention to the time timer while giving the exam.
- It is necessary to sign out after the end of the exam.
