Quality Initiatives/ Activities Report

1. Name of Department: Botany

2. Name of Organized Activity:

Extension activity: “Nakashtra Garden”

3. Date/ Duration: 19 /11/2022

4. Aims and Objectives:

1. To know correlation between each birth star as well as constellation of Hindu astrology and the relationship with a symbolic tree or plant.
2. To know the 27 Nakashatras (Constellations), and its astral value.

5. No. of beneficiaries: 450

6. Expenditure & funding agency:/collaborators: No.

7. Brief description:

Department of Botany has developed Nakashtra Garden on 19/11/2022. It is based on a concept that there is a correlation between each birth star as well as constellation of Hindu astrology and the relationship with a symbolic tree or plant. This correlation between the birth star and the tree defines the relationship between the human and the green trees in the environment. There are 27 Nakashatras (Constellations), and each has a tree of its own. It is believed that when such astral trees are developed, in its vicinity, we get a positive atmosphere, spiritual solace, medication, rejuvenation, tranquility, mental peace & relaxation for that person.

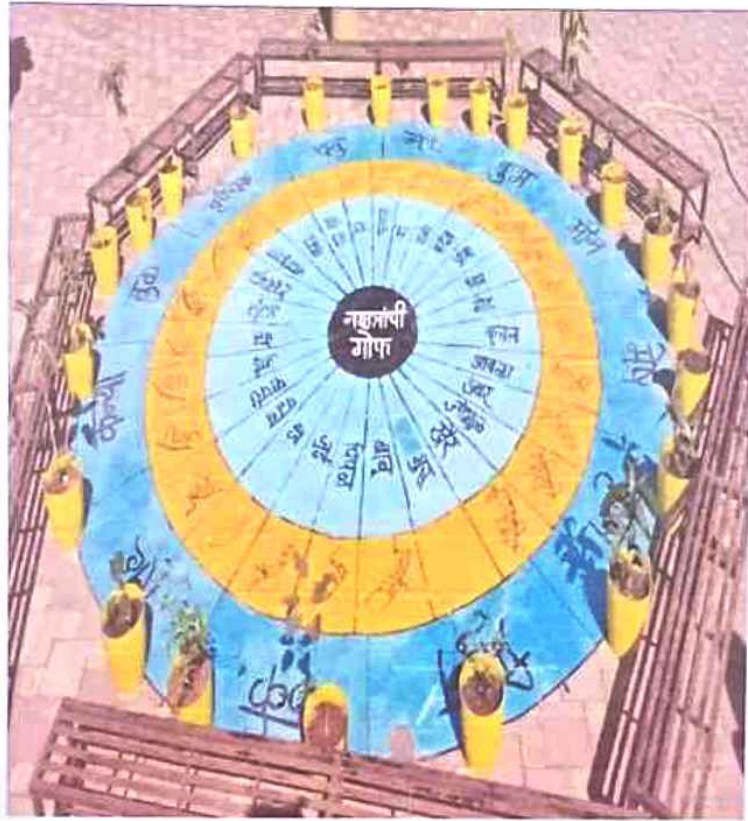

8. Outcomes:

It is believed that when such astral trees are developed, in its vicinity, we get a positive atmosphere, spiritual solace, medication, rejuvenation, tranquility, mental peace & relaxation for that person.

Nakashtra Garden is an Astro-themed garden, which has a large variety of plants and trees linked to zodiac signs. The garden has been designed according to the Indian system of astrology that links plants with the motion of different planets. The garden has a dedicated play area for kids.

One Page Report on Nakashtra Garden

Nakashtra Garden is an Astro-themed garden, which has a large variety of plants and trees linked to zodiac signs. The garden has been designed according to the Indian system of astrology that links plants with the motion of different planets. The garden has a dedicated play area for kids.

It is based on a concept that there is a correlation between each birth star as well as constellation of Hindu astrology and the relationship with a symbolic tree or plant. This correlation between the birth star and the tree defines the relationship between the human and the green trees in the environment.

There are 27 Nakshatras (Constellations), and each has a tree of its own. It is believed that when such astral trees are developed, in its vicinity, we get a positive atmosphere, spiritual solace, medication, rejuvenation, tranquility, mental peace & relaxation for that person.

According to Vedic astrology, natives can get rid of troubles and problems, especially health-related ones, by planting a tree of the Nakashtra they were born in. Moreover, worshipping them shall provide natives with high merit and divine knowledge.
