Quality Initiatives/ Activities Report

1. Name of Department: Botany

2. Name of Organized Activity: " National Science Day "

3. Date/ Duration: 28th February 2023

4. Aims and Objectives:

1. Promotes Critical Thinking and problem-solving skills

2. It provides an opportunity for students to participate in scientific experiments, challenges and competitions which enabling them to think critically and approach challenges with a scientific mindset.

5. No. of beneficiaries: 110

6. Expenditure & funding agency:/collaborators: No

7. Brief description:

The Department of Botany of Vivekanand College, Kolhapur (Autonomous), has organized a Science Day on 28th February 2023. Various activities and events are organized by B. Sc III, B. Sc II Botany, B. Sc II Plant Protection and B. Sc I students like Power point presentation which highlights the importance of science in society and its role in sustainable development. The Programme (Programme was started with an introductory talk by Miss.

Prachi Maskar (B.Sc. III, Botany Student) and vote of thanks given by Miss Sakshi Patil (B.Sc. III, Botany Student). The goal is to create awareness about the significance of science and its potential to address global challenges, such as climate change, poverty and public health.

8. Outcomes: (whether the aim achieved):

1. Students were aware about Science day and their importance.

2. Science day encourages students to think innovatively and creatively. It provides opportunities for them to come up with new ideas and think outside the box.

3. Overall Science Day provides a platform to celebrate and appreciate the contributions of science to society by students and inspire a new generation of scientists and innovators.

One Page Report on National Science Day

National Science Day is celebrated in India on February 28th every year to honor the discovery of the Raman Effect by the renowned Indian physicist, Sir C.V. Raman, in 1928. This day is of great significance for students as it highlights the importance of science in our lives and inspires young minds to explore the wonders of scientific inquiry. It serves as a platform for students to engage in scientific activities, experiments and discussions.

Various activities and events are organized in Botany department by B. Sc III, B. Sc II and B. Sc I students like Power point presentation which highlights the importance of science in society and its role in sustainable development. The Programme (Programme was started with an introductory talk by Miss. Prachi Maskar (B.Sc. III, Botany Student) and vote of thanks given by Miss Sakshi Patil (B.Sc. III, Botany Student). The goal is to create awareness about the significance of science and its potential to address global challenges, such as climate change, poverty and public health.
