Quality Initiatives/ Activities Report

1. Name of Department: Botany

2. Name of Organized Activity: “ Study tour at Dandeli ”

3. Date/ Duration: 20th March 2023

4. Aims and Objectives:

1. It provides B. Sc III students with hands on and practical learning experiences outside the classroom and real world situations.

2. Field research and data collection.

3. Environmental Awareness and Conservation.

5. No. of beneficiaries: 110

6. Expenditure & funding agency:/collaborators: No

7. Brief description:

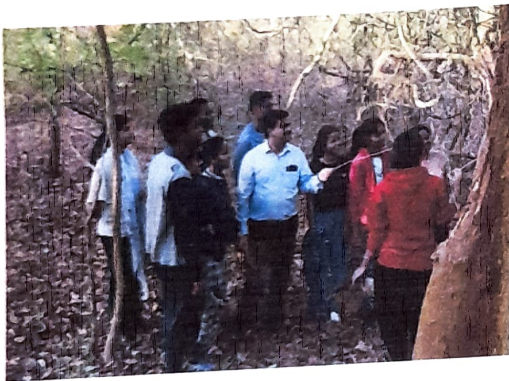

Department of Botany of Vivekanand college, Kolhapur (Autonomous) has organized a study tour for B.Sc. III Botany students at Dandeli and their adjoining areas on 20th March 2023. The main purpose of this visit was to enhance students understanding related to plant diversity, conservation and research. It encourages them to step out of their comfort zones,

adapt to new environments and develop skills such as teamwork, communication and leadership by various activities conducted during the tour.

8. Outcomes: (whether the aim achieved):

1. Study tour facilitates interactions with professionals, experts and local communities in Dandeli. This networking opportunity can lead to valuable connections and potential career prospects in relevant industries or organizations.
2. The tour offers recreational and adventure activities that provide students with opportunities for fun, relaxation and adventure.
2. Overall, the study tour at Dandeli for B.Sc III students can result in improved practical knowledge, research skills, environmental awareness and personal development of students.

One Page Report on Study Tour at Dandeli

Department of Botany of Vivekanand college, Kolhapur (Autonomous) has organized a study tour for B.Sc. III Botany students at Dandeli and their adjoining areas on 20th March 2023. The main purpose of this visit was to enhance students understanding related to plant diversity, conservation and research. Students engaged in field research activities, including habitat observations, data collection on local flora and fauna, and water quality analysis. This hands on experience allowed them to apply their theoretical knowledge, improve research skills and understanding scientific concepts. The botanical garden, with vast collection of plant species, served as an excellent platform for students to observe and learn about various aspects of botany. The plant material was collected by the students for the further study for practical and also for preservation.

The study tour at Dandeli was an enriching and captivating experience for B.Sc III students. The knowledge and skill gained during this tour will have a lasting impact on the academic and personal growth of the students.
