About the Sanstha:

Shri Swami Vivekanand Shikshan Sanstha was established by Shikshanmaharshi Dr. Bapuji Salunkhe in the year 1954 with the motto "Education for knowledge, science and culture." It was named after the great philosopher Swami Vivekanand to realize and disseminate his great ideals regarding education and nation-building. The Sanstha operates 330 education centers across 13 districts of Maharashtra and one district in Karnataka and imparts education to more than 2 Lakh students. Most of the educational centers are located in rural, obscure areas imparting education to the less privileged children. Dr. Bapuji Salunkhe's was awarded D.Lit. by Shivaji University, Kolhapur and the title 'Dalit Mitra' by the Govt. of Maharashtra for his dedicated work and great service to the downtrodden and poor communities of the society. The Sanstha is embracing the new and advanced trends in education under the able leadership of Hon. Prin. Abhaykumar Salunkhe, Chairman, Shri Swami Vivekanand Shikshan Sanstha and Hon. Prin. Mrs. Shubhangi Gavade, Secretary, Shri Swami Vivekanand Shikshan Sanstha.

About the college:

Vivekanand College, Kolhapur which was established in 1964 is known as one of the best quality colleges in Maharashtra. About 8000 students are enrolled every year for various programmes. About the Workshop

Research is a structured acceptable scientific methodology to solve the social problems and create new knowledge that is generally applicable. Research is a process of collecting, analysing and interpreting information to answer questions for environment as well as human life. It is an investigation, examination, scrutiny of the process, methods, types, hypotheses procedures and design, which are the foundation pillars of the good research. It is a required for any research to use appropriate methods and tools for proper outcomes on different social issues.

The study of research methodology gives the faculty research student the necessary training in gathering material and arranging or card-indexing them, participation in the field work when required, and also training in techniques for the collection of data appropriate to particular problems, in the use of statistics, questionnaires and controlled experimentation and in recording evidence, sorting it out and interpreting it.

By using proper research methods, we can improve our outcomes that are beneficial and provides basis for further research. Research findings heavily contribute for policy formulation in different sectors. That is why knowledge of writing and conducting a good research for those who are aspiring to enter in to the research field, is essential.
