3. Context

COVID-19 pandemic, an ongoing global pandemic, broke out in December 2019. It has become a severe threat to public health all over the world. The lockdown situation has affected the economic and social well being and development. The COVID-19 crisis has sustained for the last three years and it is likely to stay even longer. Considering its impact on the physical, mental, social and financial wellbeing of people around and in the college, Vivekanand College, Kolhapur (Autonomous) has tried to take every possible step to mitigate the severity of the situation and provide most of the stakeholders with possible aids to fight it and come out safe and successful. Besides following the orders of the competent authorities like conducting online classes, examination and adherence to rules of social distancing during post-lockdown period, the college has performed many activities in the favour of health and well being of the students, faculty and the society at large.

4. Practice

On Campus Services:

- Recognising the need of the hour, Home Science Dept. stitched around a thousand **masks** to be donated to public servants working in government hospitals, police and Kolhapur Municipal Corporation. NCC cadets and NSS volunteers of Vivekanand College distributed these masks to poor and needy people in the market areas of Kolhapur.
- Student Development Cell in collaboration with CPR Hospital held a **Vaccination camp** in the college campus. Many students, parents and people in the vicinity of the college were benefitted from this. Around 189 people were vaccinated in the camp.
- The Ladies Hostel was provided to the government authorities to be used as the **Quarantine Centre** as students were off the campus and the hostel was empty. Besides this, the Non-teaching faculty of the college worked at this centre as the supportive staff.
- Many of our students lost their parents due to Corona. Some lost their sole income source. Those who lost their father and were in financial crisis were given **financial assistance of total Rs. 20,000/-**. One of our faculty Mr. Sangramsinh Gaikwad died of Corona. His family was given a financial aid of **Rs. 21,000**

Blood Donation Camp

Awareness Programs

- Covid pandemic situation affected the physical health of people badly but it also affected **the mental health** severely. Identifying this need the College organised Stress Management **Workshops** and **Webinars** of experts for students as well as teaching and non teaching faculty of the college. These workshops were proven breathing and emancipating spaces for the beneficiaries.

-
- Identifying the stress on housewives, doubled due to pandemic situation, the college organised a webinar about discussing this issue of **domestic violence** and inspiring the participants for equal distribution of domestic work at home.
 - Floods hit Kolhapur in the middle of the pandemic in 2020. Our NSS volunteers and NCC cadets provided help through **flood relief operations** during and after the flood situation.

Individual Ventures of Vivekanand Students

Above mentioned are the collective activities of the college. Besides these many of our faculty and students took on individual ventures helping the needy people during the pandemic.

- Ms. Priya Patil is our B.Sc. Part I students who drove the dead bodies of thousands of Corona patients from CPR and other private hospitals to Panchaganga Crematorium. She has also been honoured with the prestigious Shahu Puraskar.

Ms. Priya Patil in her PPE Kit, ready to drive dead bodies to Crematorium

- Two of our BBA students Ms. Arpita Raut and Ms. Anchal Katyare led the Dream Team which worked tirelessly for the last two years to provide good food to the relatives of the patients in CPR hospital

The Dream Team was appreciated by the Guardian Minister of Kolhapur

- **Sejal Yeldi** is a student of BBA Part I who led the We Care Team in Solapur doing the similar kind of service like Dream Team in her home town Solapur.

In Communication with Corona Warriors of VCK:

- The college not only honoured and appreciated the efforts of these students but also provided them financial assistance whenever needed.
- The College had also organised a program on Google Meet Platform (considering the social distancing constraints) where the students of Vivekanand College and Faculty communicated with Priya Patil, Arpita Raut Anchal Katyare, and Sejal Yeldi. It was proven a transformational experience for the students of the college.

5. Evidence of Success

- The college has shown adherence to its motto of Education for Knowledge, Science and Culture. The collective ventures of the college during the pandemic has given our students and faculty members a sense of belonging, humanity and service. Our NCC and NSS students kept serving tirelessly despite the harsh weather and flood conditions.
- Ms. Priya Patil was felicitated and honoured as a frontline corona warrior by Guardian Minister Hon'ble Satej Patil. Lokraja Shahu Pratishthan honoured her with "*Rajarshi Shahu Jiwangaurav*" Award". She was felicitated by Rotary Club of Kolhapur. She

also was felicitated by Hon'ble Prof. Dr. D. T. Shirke, Vice-chancellor, Prof. Dr. P. S. 6. Problems Encountered and Resources Required:

- Life threat of the Corona-Virus was the biggest problem. Following the rules of personal hygiene was mandatory.
- Approaching the concerned government authority was a bit time consuming
- The students working in the vicinity of hospitals like NCC Cadets, Priya Patil and Dream Team had to live in isolation at their homes. But their families responded in a positive ways
- The families of the concerned students and faculty were worried about the safety and security but with correct counselling and assurance of following the rules of safety and distancing they were relieved.

- Harsh weather conditions like the flood situation became a hurdle in the services provided but NCC and NSS of our college saw the emergency and turned the flow of service towards the Flood affected area.

ज्ञान-विज्ञानाचा जागर

1. Organization of Seminars/Workshops (Online/offline): Exploring New Horizons of Knowledge

2. Objectives:

One of the best practices conducted by Vivekanand College is “**Organization of Seminars/Workshops (Online/offline)**” The main objective of this practice is, to inspire and generate ideas and new thinking regarding essential areas.

3. The Context

Organization of Seminars/Workshops is one of the best practices of our institution. Some organizations, arrange seminar /workshop once or twice in a year whereas our organization arrange seminars/workshops on a regular basis keeping problem solving nature and utility of the issue in focus. Due to the COVID-19 pandemic, Govt. of India announced closure of educational institutions for an indefinite period. So, our institute shifted to online platforms to keep the academic activities going.

4. The Practice:

We are usually aware of the fact that such activities enhance stakeholders’ knowledge in terms of subject expertise, abilities and skills like analytical skills, problem-solving skills, decision making skills, critical thinking skills, conflict resolution methods and work ethics. Apart from this, they develop motivation to work and render a significant contribution in up-grading the overall structure of the organization. Almost all

departments in our college organised seminars, webinars, workshops, conference, symposium etc. throughout the year.

The issues selected for the discussion are varied and of extreme utility. The major among them are as the following

Sr. No	Activity	Department	Date
1	National Level Guest Lectures on Career Opportunities for English Graduates	English	18/12/2020 - 19/12/2020
2	A National Seminar on “Anusandhan ke Vividh Ayam”	Hindi	27/02/2021
3	A National Webinar on “Violence against women and Pandemic”	Student Development Cell	06/08/2021
4	A National Seminar on “Basic Research and Securing IP”	IQAC and RDPC	01/03/2021
5	A National Symposium on “Performing Arts and Literature in Medieval India”	History	26/02/2021
6	A National Webinar on Exercise Immunity and Covid 19 Pandemic	Physical Education Department	25/05/2021
7	A Webinar on E-waste Management	Electronics	18/06/2021
8	A National Webinar on Lifestyle Changes for Nature Conservation	Chemistry	30/06/2021
9	A National Seminar on Understanding NEP 2020	IQAC	26/02/2021
10	Workshop on <i>Bhakti Sahitya Aur Sangit Parampara</i>	Hindi	01/07/2021

5. Evidence of the Success

The Covid pandemic created unprecedented issues including familial, social, economic, educational, health related conditions. By organizing National level workshops/webinars like: 1. Exercise, Immunity and Covid-19 Pandemic”, 2. Life-style Changes to Nature Conservation, 3. Corona: Beliefs and Disbeliefs, 4. NEP 2020, 5. Job Opportunities, we tried to seek answers to the current issues. Apart from this, National seminars on Transcending the Boundaries of Gender and Understanding Transgender (LGBTQAI) Community for Inclusive Society we provided platforms to voice the Transgender and other gender minorities. The webinars on अनुसंधान के विविध आयाम and

भक्ती साहित्य और संगीत परंपरा , focus on the regional issues for research. The national seminar on Performing Arts & Architecture in Medieval India aimed to highlight significant changes, problems of preservation of art and architecture in Medieval India. Some of the seminars/workshops were sponsored by RUSA and ICSSR and proceedings were submitted for policy making decisions. These activities have been appreciated by students, parents and other stakeholders as they inspire for research.

6. Problems Encountered and Resources Required

The Covid- 19 pandemic and its consequent lockdowns and movement restrictions made the education related activities online. There are a host of challenges- stakeholders encountered the network issues, being unable to afford data, internet speed /signal is not conducive, the poverty-driven students have no android mobiles. Despite challenges, inline workshops /seminars proved fruitful to stakeholders. When the Government of India declared unlock, keeping the social distance and taking due care, the activities were taken offline with grand success
