P14/288757/2025

To,
The Concerned Authority

Respected Sir/Madam,

The Maharashtra State Pharmacy Council (MSPC), through its Drug Information Centre (DIC), is proud to join the World Health Organization (WHO) and the Uppsala Monitoring Centre (UMC) in celebrating Med Safety Week 2025, from 3rd to 9th November 2025.

This year's global theme, "Reporting Makes Medicines Safer," emphasizes that the safety of medicines is a shared responsibility. While healthcare professionals play a key role in ensuring rational and safe medicine use, the awareness and participation of the general public are equally important to prevent harm and promote patient safety.

The Council appeals to all concerned authorities to extend their support to this initiative by

- Encouraging staff, students, and personnel under their guidance to participate in awareness sessions being conducted during the week
- Facilitating the organisation of Med Safety Week 2025 sessions in collaboration with MSPC-DIC, focusing on public education regarding safe medicine use and ADR reporting
- Promoting dissemination of information about the Consumer ADR Reporting Form and PAPI QR code among community members
- Urge all regulatory bodies, institutions, and organisations to share the official Med Safety Week resources released by WHO-UMC on their social media platforms and to promote the importance of medicine safety through print and local media

Your cooperation will contribute to strengthening our state's participation in this global campaign and to building a culture of medicine safety awareness at the community level

Together, let us uphold the spirit of "Reporting Makes Medicines Safer" and make Maharashtra a model for medicine safety awareness and responsible healthcare

Yours sincerely,

Atul Ahire

President,

Maharashtra State Pharmacy Council

Subject: Expression of Gratitude for the Informative Session on Med Safety Week

Respected Sir,

On behalf of the management, staff, and students of Department of Biotechnology Vivekanand College Kolhapur, I would like to extend our sincere gratitude for the insightful session organized by the Maharashtra State Pharmacy Council's Drug Information Centre (DIC).

We are thankful that you delegated Dr. Abhinandan Patil from D Y Patil College of Pharmacy, Kolhapur to our institution to educate our students about the ongoing 10th Med Safety Week. The session was highly informative and successfully highlighted the crucial role of creating awareness about "Pharmacovigilance" and ensuring that every patient receives the correct and safe medication.

Dr. Patil effectively communicated the importance of monitoring, recording, and reporting Adverse Drug Reactions (ADRs) and explained the vital role pharmacists play in the chain of medicine safety. Our students found the interaction to be very enlightening.

We look forward to more such informative interactions in the future.

Yours sincerely,

S.G. Kulkarni

Activities Report

1. Name of Department: - UG Biotechnology-Entire

2. Name of Organized Activity: Event of "Information Session on Medical Session Week"

3. Activity organized by: Department of Biotechnology

4. Date/ Duration: 04/11/2025

5. Aims and Objectives: 1. To focus on student education regarding safe medicine use and adverse drug reaction. 2. To ensure that every community receives correct and safe medication. 3. To create awareness about pharmacovigilance.

6. No. of beneficiaries: 62 Students & Staff Member

7. Expenditure & funding agency: Nil

8. Brief description: The participants are students of B.Sc.I Biotechnology (Entire). This programme included Information Session on Medical Session Week organized by. Provided information regarding soft skills, such as communication, team work & programme solving, etc.

9. Outcomes:

This Event helps students in:

1. Understand the purpose and academic importance of Medical Session Week.
2. Gain clarity on the schedule and various activities planned during the week.
3. Recognize the relevance of medical sessions in enhancing clinical knowledge and professional skills.
4. Develop motivation to actively participate in academic and clinical discussions.
5. Prepare effectively to maximize learning during Medical Session Week.
