Mentoring Report

Mentor Details

Name of Mentor: Ms. V. N. More

Designation: Assistant Professor

The student mentoring program in the Department of Biotechnology offers a supportive framework to address both academic challenges and personal concerns faced by students. Through one-on-one sessions and group meetings, mentees receive personalized guidance on core subject clarity, examination strategies, research project planning, and career options in biotechnology. Beyond academics, the initiative provides a confidential space to discuss personal stress, adaptation to college life, and overall well-being. This structured interaction fosters student confidence, enhances critical problem-solving skills, and builds strong mentor-mentee trust to ensure balanced academic and personal growth.
