One page Report on Seminar presentation of B. Sc III students (PPT).

The Department of Botany of Vivekanand College, Kolhapur (Autonomous) conducted a seminar presentation of B. Sc III students (PPT) on 10th and 11th January 2020. The objective of the seminar presentation was to enhance the knowledge and skills of the students on various topics related to plant sciences, and to provide them an opportunity to showcase their research and communication abilities. The seminar presentation was attended by 17 students from the final year of B.Sc. Botany, who presented their PowerPoint slides on different topics of their choice, under the guidance of their respective faculty members. The seminar presentation was also attended by other students and faculty members of the department, who acted as the audience and evaluators. The seminar presentation covered a wide range of topics, such as plant anatomy, plant physiology, plant taxonomy, plant ecology, plant biotechnology, plant pathology, and plant conservation. The seminar presentation was evaluated by the faculty members of the department, based on the following criteria: content, clarity, creativity, and confidence. The faculty members gave constructive feedback and suggestions to the students, and appreciated their efforts and performance. The students also received feedback and comments from their peers and audience, and learned from each other's presentations.
