Quality Initiatives/ Activities Report

1. Name of Department: Botany

2. Name of Organized Activity:“Visit to the Tuberous Underground Edible Root Festival”

3. Date/ Duration: 13/01/2023

4. Aims and Objectives:

1. Provide students with insights into the cultivation, nutritional value and culinary uses of tuber roots through interactive workshop and demonstrations.
2. Emphasize the economic potential of tuber cultivation, encouraging students to consider it as a viable crop for local economies.

5. No. of beneficiaries: 16

6. Expenditure & funding agency:/collaborators: No

7. Brief description:

The Faculty and B. Sc III year students of Department of Botany, Vivekanand College, Kolhapur (Autonomous), are visited to this exhibition. A Starchy root and tuber crops play a vital role in the human diet. There are a number of roots and tubers that contribute to extensive biodiversity. Thus, they add variety to the diet in addition to offering desirable nutritional and health benefits. A variety of foods can be used in industrial application mainly for their nutritional and health benefits. So, Nisarag Ankur, Kolhapur, has organized an exhibition on Kandamulanacha Utsav in collaboration with Garden Club Kolhapur and Shri Shahu Chatrapati Shikshan Sanstha on January 13, 2023, at Shahaji College, Dasara Chowk, Kolhapur. Twelve students of B. Sc. III Botany and four staff members visited to this exhibition. In this exhibition, more than 100 different types of wild and cultivated tubers were displayed. From this exhibition, students get information, about different varieties of tubers, like *Dioscora* species, Taro Yam, *Costus*, Turmeric, *Amorphophallus*, Potato, Onion etc. and their nutritional importance. Prof. M.V. Bachulkar and Mr. Ajinkya Berde guided and gave information on these tubers, their common names, botanical names, locations where they grow and their various uses in day

to day life.

8. Outcomes: (whether the aim achieved):

1. Students were aware about varieties of tubers.
2. Students were know about nutritional and medicinal importance of these tubers.

9. Photos:
