	<p>Mentoring has become a necessity to resolve problems relating to academics and other related issues faced by the students. Mentoring can build a healthy relationship between the students and teachers in building their discipline, performance and also for positive growth of the students. From B.Sc-I, 6 students were assigned to me for mentoring. Mentoring register is maintained to record mentor-mentee programme. During mentoring, students academic performance in internal and external exam were discussed. Mentee's problem relating to opening of ABC id, about scholarship, career guidance, exam form filling, study time table planning etc. were taken up and suggestions were made accordingly. Students were encouraged to take part in different activities. Slow learners were identified and given special help in encouragement and motivation while advance learners were encouraged to reach their full potential. Mentor is satisfied with the positive responses of the mentees and subsequent healthy outcome of the sessions.</p>

• Report (2022-23) •

Students Mentoring Scheme is a very important initiative. Through this activity, the problems & difficulties of the students can be understood. Also, they can be guided accordingly. While working as a Mentor total 05 students of B. Sc. III (Botany) were guided by me. There were some difficulties of academics like career guidance, skill development, preparing for competitive exams, issues related to mental health and physical health etc. The students were guided accordingly. This activity helped to boost the morale of students, improve their confidence and clear their views.
