		Mentoring has become a necessity to resolve problem relating to academics & other related issues faced by the students. Mentoring can build a healthy relationship between students & teachers, in building their discipline. Total 05 students were guided by me as a mentor. There were very few difficulties of students related to the academics like lack of knowledge regarding reference books, career guidance, preparation for various competitive exam etc. The students were guided accordingly. This activity is useful for students as being encouraged & empowered in personal development, helped to identify personal goals & correct gaps in generic skills & knowledge.

Report (2024-2025)				
Student mentoring Scheme is a very important initiative. Through this activity, the problems and difficulties of the students can be understood and they can be guided /counseled accordingly. While working as a mentor total 5 students from B.Sc.I was guided. There were some difficulties of academic and psychological nature. They included issues like examination, scope of subject, competitive exam in Science, Government jobs, competitions, E-books etc. The students were guided accordingly. Occasionally they were helped to solve the problems. This activity helped to boost the moral of the student mentor mentee is to improve their academic performance, confidence and clear their view regarding careers opportunities.
