	<p>Mentoring has become a necessity to resolve problems relating to academics and other related issues faced by the students. Mentoring can build a healthy relationship between the students and teachers in building their discipline, performance and also for positive growth of the students from B.Sc. - I, 7 students were assigned to me for mentoring. Mentoring register is maintained to record mentor-mentee programme. During mentoring, students academic performance in internal and external exam were discussed. Mentee's problem relating to opening of ABC id, Careers guidance, college discipline, study time table planning etc. were taken up and suggestions were made accordingly. Students were encouraged to take part in different activities. Slow learners were identified and gives special help in encouragement and motivation while advance learners were encouraged to reach their full potential. Mentor is satisfied with the positive responses of the mentees and subsequent healthy outcome of the sessions.</p>
