Department of Chemistry
Perspective Plan (2023-2028)

⌗ Expansion of Academic Programs:
- To Introduce new postgraduate programs such as M.Sc. Medicinal Chemistry.
- To initiate career orientated course entitled Analysis of Food Adulteration
- To increase student strength for the PG courses.

⌗ Enhancement of Research Activities:
- To Increase research output and visibility through collaborations and partnerships.

⌗ Infrastructure Development:
- To establish instrumentation centre of department of chemistry.
- To renovate the Chemistry Laboratories.

⌗ Global Collaborations:
- To strengthen international collaborations with other universities, research institutions, and industries.
- To facilitate student and faculty exchange programs to promote a global perspective.

⌗ Student Engagement and Support:
- To enhance student engagement through research opportunities, internships, and industry collaborations.

⌗ Adoption of Online Education:
- To explore and implement online and hybrid learning models to increase accessibility.

⌗ Strategic Planning for Funding:
- Actively seek and secure external funding for research projects and infrastructure development.

⌗ Community Outreach:
- To engage with the local community through outreach programs and educational initiatives.
- To promote the importance of chemistry in addressing societal and environmental challenges.
