Women's Day Celebration Report

The Women's Day Celebration organized by the Department of Computer Science on the 8th of March 2023 was a resounding success, bringing together female students from I, II, and III years to commemorate and celebrate the achievements and contributions of women in various fields.

The event commenced with a warm welcome extended to the Guest of Hon. Principal Dr. R. R. Kumbhar. The inaugural address emphasized the significance of Women's Day and acknowledged the pivotal role played by women in academia and the tech industry. Principal Dr. R. R. Kumbhar delivered an inspiring lecture on the importance of empowering women in the field of computer science and shared valuable insights from his own experiences. The talk encouraged students to aspire for leadership roles and highlighted the strides women have made in the tech world.

Following the lecture, there were interactive sessions where students had the opportunity to ask questions and engage in discussions with Dr.

Kumbhar. The discussions covered topics ranging from career advice to overcoming challenges in a male-dominated field.

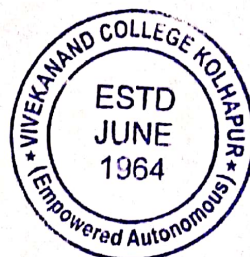

The Women's Day Celebration concluded with a vote of thanks proposed by Dr. V. B. Waghmare, Head of Department, expressing gratitude to Principal Dr. R. R. Kumbhar, the participants, and the organizing team.
