- 1. Name of Department:** -Computer Science
- 2. Name of Organized Activity:** - “Artificial Intelligence and Machine Learning: Future Scope and Opportunities”
- 3. Date/ Duration:** -17th December 2024
- 4. Aims and Objectives:** -
 - To provide students and faculty with an overview of the latest trends, future scope, and career opportunities in Artificial Intelligence and Machine Learning.
 - To enhance participants’ understanding of AI and ML technologies, encouraging them to explore research and development in these rapidly evolving fields.
- 5. No. of beneficiaries:** - 148
- 6. Expenditure & funding agency:** -NIL
- 7. Brief description:** - The Computer Science Department organized an event titled “Artificial Intelligence and Machine Learning: Future Scope and Opportunities” on 17th December 2024. This event aimed to provide students and faculty with a comprehensive overview of the latest trends and evolving career opportunities in the fields of Artificial Intelligence and Machine Learning. Participants were introduced to the potential future scope of AI and ML technologies and their impact on various industries. The session enhanced the understanding of cutting-edge developments in AI and ML, motivating attendees to explore further research and development. Industry experts and

academicians shared valuable insights into practical applications and emerging tools. The program attracted a large participation with 148 beneficiaries benefiting from the knowledge shared. Through presentations and discussions, the event emphasized skill development necessary to thrive in these fast-growing fields. Attendees gained clarity on academic and professional pathways related to AI and ML. The workshop fostered enthusiasm towards innovative thinking and encouraged a proactive approach to embracing new technologies. Overall, the event significantly contributed to preparing students and faculty for future challenges and opportunities in Artificial Intelligence and Machine Learning.

8. Outcomes: -

- Participants gained updated knowledge of current trends, future prospects, and career avenues in Artificial Intelligence and Machine Learning.
- The event enhanced the technical understanding and research interest of students and faculty in AI and ML technologies.
- Attendees were motivated to pursue further studies and professional growth in AI and ML, fostering innovation and skill development in these fields.
