| <u>MENTOR - MENTEE REPORT - 2022-23</u>  |                             |   |      |  |
| Total 11 students were assigned to me as Mentees for the academic year 2022-23.  |                             |   |      |  |
| The major issues raised during the session was regarding coping with anxiety of not being able to attend regular classrooms and addressing the gaps in online and offline classes.   |                             |   |      |  |
| In this academic year college students needs to create ABC-ID. Students were unaware of National Education Policy - NEP-2020 which will be implemented from the AY-2022-23. and the academic bank of credit by which the credits earned by students will be transferred in their ABC accounts. |                             |   |      |  |
| I called all students together and created their ABC-ID and also explained to them about the procedure of creating ABC-ID. So that they will also help others to create Academic Bank and make aware of its benefits.  |                             |   |      |  |
| I tried my best to deal with each of these issues taking into consideration the problems faced by every Mentee.  |                             |   |      |  |
