	<u>Mentor Mentee Report 2018-19.</u>			
	Total 6 students were assigned to me as Mentees for the academic year 2018-19.			
	The issues raised during the session was regarding online college processes because the students allotted was a first year. Fresher students and also the autonomy was introduced in the college from this year.			
	During academic session the students were eager to get know about the extracurricular activities of the college like NCC, NSS etc.			
	The students allotted to me are from Microbiology so they were unaware of the online processes in the college like online exam form filling, online exam fees payment, they were asking for help regarding PPT presentation preparation etc.			
	I tried my best to deal with each of these issues taking into consideration the problems faced by every individual.

	Sammeel Rajgonda Patil (C.F.P. 13-20) [Computer Science]			
	<p>- It was my observation about sammeel that he is not regular at classes and practicals also. So contacted to his parents. He came with his elder brother who was working in IT company. In discussion; found sammeel influenced by his family's working at farms and most of time spending his time with them.</p> <p>- From our side he advised to concentrate on the education of the subject computer science. He also made aware about the academic consequences.</p>
