“Remedial Coaching for Slow Learners”**

Date: 15th December 2021 to 31th December 2021

Report

- 1. Name of the Department - Department of Geography**
- 2. Activity – “Remedial Coaching for Slow Learners”**
- 3. Aims and Objective**

1. The primary objective of remedial teaching is to identify learning gaps and the specific areas where a student is having difficulty. This includes analysing which fundamental concepts are not fully understood and need to be retracted.
2. To improve the academic skills and proficiency of the students in various subjects.
3. To provide educational facilities for weaker students.
4. To develop research attitudes among weaker students.

The Department of Geography organizes remedial classes for students of all semesters from 15th December to 31th December 2021 at 10.00 am in room no 32. These classes are designed to provide additional support to weaker students and are selected based on their academic performance. The remedial classes are conducted by all teachers in the department, who work together to ensure that students have a clear understanding of the different topics covered in the syllabus. The teachers use various teaching methods and techniques to help students grasp the concepts and provide individual attention to students who require extra assistance. The goal of the remedial classes is to help weaker students improve their academic performance and prepare for their upcoming final exams. By providing extra support and guidance, the department aims to ensure that all students have the opportunity to succeed and achieve their academic goals. In these remedial coaching class total 25 students was participants.
