Report

Date- 17/09/2022

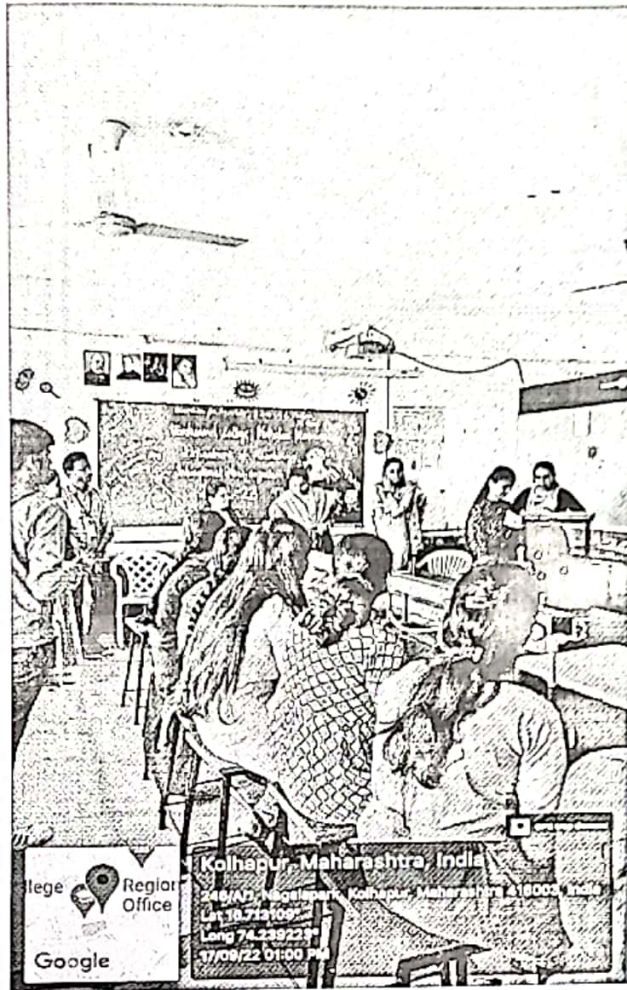

Department of microbiology has celebrated the International microorganism day on 17th September 2023. Every year 17th September is celebrated as international microorganism day . Anto van Leeuwenhoek, a Dutch merchant sent a letter to the royal society of London in 1683, with the first description of a single celled organism . The date was September 17, the day that since 2017 was chosen to celebrate the International microorganism Day.

The students of the department has celebrated this day by emphasizing the importance of microorganism in day to day life
