Name of the Department	Department of Physics																
Name of the Activity	Group Discussion on “Research Culture in South Korean Universities”																
Date / Duration	Thursday, 23 rd November 2023 at 04.00 PM																
Aims and Objectives	Long- and short-term academic programs are available in South Korea across many universities and educational centers. International students and researchers may apply to BA, MA, PhD and postdoctoral research programs in South Korea. Moreover, summer schools and conferences are another excellent academic activity that makes South Korea an attractive destination for scholars and scientists.

Brief Discussion	Dr. Sonali Beknalkar, Assistant Professor, Dongguk University, Seoul, South Korea have discussed on ‘Research Culture in South Korean Universities’ to the students and faculty. She said during the group discussion that many universities have open international campuses to satisfy the increasing demand of international students. here is no mandatory requirement to have a high level of Korean language proficiency for entering a university. Many programs also come with fully funded scholarships and fellowships as well as travel grants and financial aid, thus every student, researcher and professor can always find a suitable program in South Korea. Dr. Sanjay S. Lathe welcomed Dr. Sonali Beknalkar and Mr. Abhijit Shinde has given vote of thanks.																
Outcomes	Faculty and students got useful information on Research Culture in South Korean Universities.
