We started our tour on 21st Jan 2020 and reached to Mysore on 22nd Jan 2020 at early in the 5.30. a.m. morning. On same day we visited Mysore Zoo and Brindavan Garden

Mysore Zoo is a 157 acre located near the palace. It is one of the oldest and most popular zoos in India and is home to a wide range of species.

Brindavan Garden is a garden located in the Mandya district of the Indian state of Karnataka. It lies adjoining the Krishnrajsagara dam which is built across the river Kaveri. It is one of the attractions of Mysore.

On 23rd Jan 2020 we visited following three places. Chamundi Hills and Chamundeshwari Temple, Mysore palace and St. Philomena's Cathedral (Iskon Temple) also visited KSIC silk weaning factory.

Chamundi Hills And Chamundeshwari Temple :- The Chamundeshwari Temple is a Hindu temple located on the top of Chamundi Hills about 13 km from the palace city of Mysore in the state of Karnataka in India. The temple was named after Chamundeshwari or Durga, the fierce form of Shakti, a tutelary deity held in reverence for centuries by Mysore Maharajas. Chamundeshwari is called by the people of Karnataka as Naada Devathe which means State Goddess. It is situated at the elevation of 838 feet from the mean sea level.

Mysore palace:- Is a Historical palace and royal residence. It is the official resident of the Wadiyar dynasty. It is one of the famous tourist attractions in India. It is an incredible breathtaking example of India architecture.

KSIC silk weaning factory: - A nice place to understanding the process of obtaining silk from the worm and show the entire process of silk weaning from occur to thread to cloth.

On the same day at night we proceed to our return journey by Mysore-Dharwad express and Dharwad to Kolhapur by bus on reached next day at 2.00 p.m.
