1. **Name of the Department – Statistics**
2. **Aim – To learn basics of R-Software**
3. **Objectives –**
  1. To learn “How to import and export data in R”.
  2. To learn “How to install the package in R”.
4. **Date - 21/03/2022**
5. **Venue- Room No. 38**
6. **Resource persons - Dr. M. S. Barale, Assistant Professor, Symbiosis Statistical Institute, Pune.**
7. **Number of beneficiaries – 32 students (17 girls +15 boys)**
8. **Brief Description –**

R is a free software environment for statistical computing and graphics. Nowadays it is commonly used for all manner of data science tasks. It is popular programming language in certain fields such as data science, academic research and statistics. That point of view our department decided to introduce R software to the students. Through this lecture Dr. M.S. Barale introduced the concept of “How to import and export data in R? How to install the package in R?” He also motivated the students with his experience regarding statistical computation using R.

**9. Outcomes:**

1. Students became able to import and export data using R.
2. Students learnt to install various packages in R.
