Guest Lecture

on

"From labs to life: AI & ML for everyone"

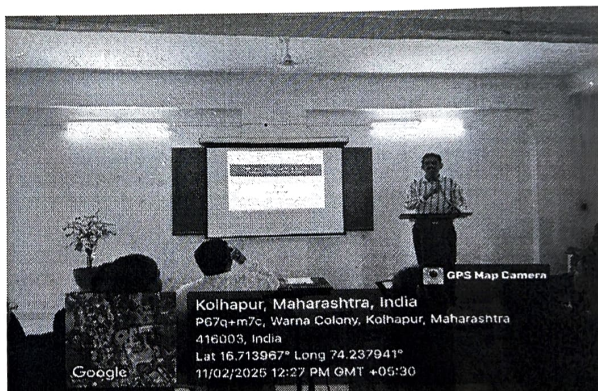

- **Aim:** To guide students in exploring the real-life applications of Artificial Intelligence (AI) and Machine Learning (ML).
- **Objectives:**
 1. To explore the growing significance and practical need for Artificial Intelligence (AI) and Machine Learning (ML) in today's world.
 2. To gain insights into how AI functions by examining its real-world applications across various domains.
- **Time & Date:** 11th February 2025 (At 11.00 am)
- **Venue:** Department of Statistics
- **Resource Person:** Dr. S. S. Sutar, Asst. Prof./Asst. Director, YCSR, Shivaji University, Kolhapur.
- **Number of Students :** 148
- **Number of Teachers:** 09
- **Brief description:**

The guest, Dr. S. S. Sutar, Asst. Prof./Asst. Director, YCSR, Shivaji University, Kolhapur was welcomed with a token of appreciation by Mrs. V. C. Shinde, Head, Department of Statistics. In his lecture, he explained how AI works and discussed its real-life applications. He informed us that we are unknowingly using AI in our daily lives. He described the different types of machine learning and highlighted the key features of AI. He also provided examples such as voice assistants like Siri and Alexa, and recommendation systems like those used by Netflix and Amazon. Additionally, he explained various applications of AI in fields such as healthcare, transportation, finance, agriculture, and research.

The vote of thanks presented by Mr. A. S. Tangawade.

- **Outcomes:**

After the guest lecture students,
- Understood the importance and necessity of Artificial Intelligence (AI) and Machine Learning (ML).
- Learned about the types of machine learning and how AI works through real-life examples.
