DEPARTMENT OF STATISTICS  
Online Guest Lecture

on  
"Outcome Based Education Philosophy"

**Aim:** To enhance understanding of how educational objectives align with real-world outcomes and to equip students with skills to apply statistical knowledge in solving practical, outcome-oriented problems.

**Objectives:**

- To familiarize students with the principles of Outcome-Based Education (OBE) and how it shapes curriculum design and assessment.
- To empower students to apply statistical methodologies in a manner that aligns with measurable, real-world outcomes and industry expectations.

**Time & Date:** 13th August 2024 (12.30 pm onwards)

**Venue:** Department of Statistics

**Resource Person:** Dr S.G. Sapate, Principal, BSIET, Kolhapur

**Number of Students – 70**

**Number of Teachers: 8**

**Brief description:**

Guest Lecture on Outcome Based Education Philosophy by Dr. S. G. Sapate, Principal, Bapuji Salunkhe Institute of Engineering and Technology, Kolhapur held on 13<sup>th</sup> August 2024. In his lecture, he discussed the principles and framework of Outcome-Based Education (OBE), focusing on its student-centred approach. He also covered clear learning outcomes, designing curriculum and assessments to achieve those outcomes, and aligning educational goals with industry and societal needs. In his talk, he demonstrated how skill improvement is crucial as it ensures that students are not just acquiring theoretical knowledge but are also developing practical competencies that can be applied in real-world situations.

The vote of thanks was presented by Ms. Pradnya Kumbhar.

**Outcomes:**

- After the guest lecture students,
- gained a clear understanding of how to align their statistical learning with practical, outcome-driven objectives in both academic and professional settings.
- aware about the skills and competencies required to meet industry standards, enhancing their ability to apply statistical methods effectively to real-world challenges.
