

Date: September 1st, 2023

Dear Pratiksha,

We are pleased to extend to you an offer of a **Data Analytics INTERN (Work From Home)** at **GrowYT Consulting LLP**, effective from **1st September 2023 to 31st December 2023**. We believe that your skills and experience align perfectly with our requirements, and we are excited to have you join our team.

Job Responsibilities:

- **Data Collection:** Collect and gather data from various sources, including databases, spreadsheets, and online repositories.
- **Data Analysis:** Conduct data analysis using statistical and data visualization tools to identify trends, patterns, and insights.
- **Report Generation:** Create reports and dashboards to present findings and insights to team members or stakeholders using tools like Excel, Tableau, Power BI, or others.
- **Data Visualization:** Develop data visualizations such as charts and graphs to help convey information effectively.
- **Data Interpretation:** Interpret the results of data analysis and provide recommendations or insights that can inform business decisions.
- **Statistical Analysis:** Perform statistical analysis and hypothesis testing to answer specific questions or test hypotheses.
- **Data Modeling:** Build and evaluate predictive models or machine learning algorithms to solve business problems or make forecasts.
- **Research:** Stay informed about industry trends and best practices in data analytics and suggest innovative solutions or approaches to problems.
- **Documentation:** Document your work, methodologies, and findings thoroughly to ensure knowledge transfer and replication of analysis in the future.

Congratulations once again, and we are thrilled to welcome you to our team.

Sincerely,

Komal Priya
HR- Head
