	<p>The students mentoring scheme stands as a crucial initiative. It serves as a platform to comprehend the challenges & obstacles faced by students, offering guidance & counselling tailored to their words. While fulfilling the role of a mentor, I had the privilege of guiding a total of 10 students, from B.Sc III. The issues encountered ranged from academic hurdles to psychological concerns.</p> <p>These challenges encompassed diverse areas such as exploring employment opportunities in different fields, fostering personality development & various skills, preparing for competitive exams, enhancing reading habits & addressing personal matters & mental / physical health issues. The students received guidance & support tailored to their specific needs, occasionally extending assistance to overcome hurdles.</p> <p>This active engagement proved instrumental in elevating the students morale, boosting their academic confidence & providing clarity on their paths & opportunities.</p>
