Department of Zoology, Vivekanand College, (Empowered Autonomous) has organized a guest lecture on “Sericulture and its Role in Agriculture” for B. Sc. I, B. Sc. II, B. Sc. III students on 29th August, 2023 at 1:30 pm. The introduction of the guest speaker was given by Dr. S.S. Desai. Guest speaker Dr. Kishore Subhash Shinde (Asst. Professor Walchand College of Arts and Science, Solapur Autonomous) provided the comprehensive understanding of sericulture- silkworm rearing process, role of sericulture in agriculture, its market, economic significance and India’s current status as silk producing nation. The guest spoke about recent innovations in sericulture such as use of biotechnology to introduce fluorescent genes in silkworms that produce silk fibres with fluorescent properties and also highlighted research opportunities in this field. The lecture

was followed by an interactive session where Dr. Shinde cleared all the queries and questions of the students. For this guest lecture 67 students and 9 faculties were present. Vote of thanks was given by Dr. T.C. Gaupale.

8. Outcomes:

- i. Students gained knowledge about sericulture, from mulberry cultivation to silk extraction.
- ii. Students become aware about various job and self-employment opportunities available in this field.
- iii. Students acquired knowledge about research in sericulture.

“Sericulture and its Role in Agriculture”
(29th August, 2023)
Report

Department of Zoology, Vivekanand College, Kolhapur (Empowered Autonomous) has organized guest lecture on “**Sericulture and its Role in Agriculture**” for B.Sc. Zoology students on Tuesday, 29th August, 2023. The objective of this lecture was to create awareness about sericulture, job opportunities and its scope in research and development.

The president for this program was Dr. R. R. Kumbhar, Principal, Vivekanand College, Kolhapur (Empowered Autonomous) and Resource person was Dr. K. S. Shinde, Assistant professor, Department of Zoology, Walchand College of Arts and Science, Solapur (Autonomous). The program was started by inauguration at 1.30 pm by watering the plant. Dr. G. K. Sontakke, Head Department of Zoology felicitated resource person by offering sapling as token of respect. He also welcomed Principal Dr. R. R. Kumbhar Sir by offering sapling as a token of respect. Introduction of program and introduction of guest speaker was given by Dr. S. S. Desai. Principal Dr. R. R. Kumbhar has delivered presidential address and encouraged students to attend more lectures to gain the knowledge.

Dr. K. S. Shinde began his lecture by explaining sericulture, various types of silkworms like Mulberry, Tasar, Eri, Muga along with their host plants. He explained stages of lifecycle of silkworm which are eggs, larvae, pupa and adult. He also explained moriculture (planting and growing mulberry trees), silkworm rearing, and silk reeling. Diving deeper into the subject Dr. K. S. Shinde also explained various diseases of silkworm and their negative effect on silk industry. He told that, the India is the second largest producer of silk in the world. He mentioned commercial markets like largest cocoon market of Asia- Ramnagar (Karnataka) and Grainage centre of Gadhinglaj. Dr. K. Shinde has described importance of mulberry plants. This plant is

used for treatment of some human diseases. Mulberry leaf tea is used for weight loss, berries used in health drink and its branches are used in paper industry. Mulberry leaves used as cattle feeds to increase milk production. He also highlighted research opportunities in this field by giving example of recent innovations in sericulture such as use of biotechnology to introduce fluorescent genes in silkworms. These silkworms produce silk fibres with fluorescent properties. He mentioned various Government policies for sericulture in India such as Rashtriya Krishi Vikas Yojana, Catalytic Development Program on Sericulture. These policies would help farmers to raise their interest and initiate or expand their business in sericulture. Towards the end of the lecture, Dr. Shinde cleared doubts and queries of the students.

Responsibility of anchoring of this guest lecture was handled by Dr. T. C. Patil and vote of thanks was offered by Dr. T.C. Gaupale. Total 67 students and 09 faculties were present for this lecture.
