7. **Brief description:**

A study tour is not just a pleasure trip; it enhances the knowledge of the students beyond the four walls of the classroom. To provide such an enriching experience to students, Department of Zoology, Vivekanand College, Kolhapur (Autonomous) has organized a one-day study tour of B.Sc. Part I students as per part of curriculum of B.Sc. Part-I Zoology, Vivekanand College, Kolhapur (Autonomous) to Rankala Lake, Kolhapur on Saturday, 28/05/2022 Total 122 students and 4 teachers have participated in the tour.

8.Outcomes:

Students observe different birds like Common coot, Painted stroke, Moorhen, Duck, Grey heron, Indian-spotted duck bill, Cormorant, Kingfisher, Pond heron, Little Egret etc. How and where these birds live, about the climate, and the habitat in which they thrive naturally. This study tour is important to make students better understanding of the subject by allowing them to see and observe natural environment.

RANKALA LAKE STUDY TOUR 2021-2022

Shri Swami Vivekanand Shikshan Sanstha's
Vivekanand College, Kolhapur (Autonomous)
Department of Zoology
 – B. Sc. I
“Study Tour at Rankala Lake”
 Academic year 2021-22

Report

On 28th May 2022 Department of Zoology, Vivekanand college, Kolhapur (Autonomous) was organized a short study tour of B. Sc. part- I students at Rankala lake, Kolhapur as per part of their curriculum for B. Sc. Part-I Zoology subject. 122 students with 5 faculty members were gone for a study tour with an aim to observe different types of birds at the Rankala lake area. The objective of the trip was to provide an intimate connection between students and their nature along with knowledge of diversity of birds in their local area. Students who share a connection with nature and spend time observing birds have a stake in ensuring its preservation.

Students were gathered at famous statue of Rajkumar near Rankala lake at 7.15 am as per the instructions given by teachers one day before in college along with Identity cards, water bottles. Faculty members instructed students to avoid brightly colored clothes because the color of wear has a big impact on the surrounding birds. For example, white is a color to avoid as birds find white to signal aggression and danger and bright colors mean danger. Some students have also brought binocular with whom it available. Faculty members had also brought binoculars to aid the bird watching.

Students with calm and quite environment entered in the area of Rankala lake without making any noise of shoes, belongings and all students were put their mobiles on silent mode. In the lake water students have observed Common coot, common duck, Indian spot-billed duck, and purple heron. Some common coot birds were observed relaxing on the branches of trees near the lake. Other birds observed are Pond heron, Cormorant, Kingfisher, Little egret, Moorhen, Grey heron, painted strike. During these study tour students have acquired knowledge on how and where these birds live, what climatic conditions they need to survive and the habitat in which they thrive naturally. This study tour was important to make student better understand beauty of nature, beauty of birds and the necessity of conservation of birds. Students returned at 12.00 pm to the college after the study tour with faculty members.

Dr. T. C. Gaupale (Tour incharge), Miss K. L. Kamble, Ms. Y. S. Pujari Miss. V. K. Patil and Dr. S. M. Powar guided the students in study tour. Student returned with acquaint of the knowledge of bird diversity in tour.
