Academic Year 2025-26

"Mentor-Mentee REPORT"

During the academic year 2025-26, mentoring sessions were regularly conducted for four mentees, namely Rutuja Bajarang Shirgave, Madhuri Sanjay Patil, Sayali Ashok Patil, and Suhani Suraj Patil, to monitor their academic progress and address their concerns.

Rutuja Bajarang Shirgave initially reported no issues; however, in later sessions, she faced transportation (bus) problems which affected her attendance. She also experienced some difficulty in practical work. Proper guidance and academic support were provided to help her cope with these challenges, and she showed improvement over time.

Madhuri Sanjay Patil faced issues related to low marks in test examinations and poor time management. She was guided regarding effective study techniques, time management, and exam preparation strategies. In subsequent sessions, she reported no major issues, indicating progress in her academic performance.

Sayali Ashok Patil experienced difficulties related to poor exam skills and lack of interest in certain subjects. She was counseled on improving answer-writing techniques, developing interest in studies, and maintaining regular practice. Later, she reported no significant issues, showing gradual improvement.

Suhani Suraj Patil faced challenges in understanding certain topics and performing well in unit tests. She was provided with subject-specific guidance and study strategies to improve her conceptual clarity and performance. Continuous mentoring helped her gain better understanding and confidence.

Overall, all four students benefited from regular mentoring sessions. Their academic and personal concerns were addressed through continuous guidance, resulting in noticeable improvement in their performance, confidence, and overall development.
