Student Mentoring

Report- Term I

Student mentoring is an important key initiative towards the overall development of student teacher interaction. With the help of this activity the difficulties, problems and other issues of the students can be understood and mentored accordingly to their problem. During working as mentor total 5 students were guided. There are some difficulties regarding notes preparation, concept understanding, travelling issues, lecture attendance, time management, reference books have been tried to solve. The difficulties include preparation of competitive examination, communication, travelling issues, preparation of examination and writing question answers. As per level of difficulty of students, they were supported and guided by mentor. This activity helped the student to develop the self-esteem and improve the confidence to face the academic challenges and enhances their ideas and skills regarding career opportunities in Zoology.
