**MENTORING POLICY**

## STUDENTS MENTORING POLICY

The student centric Mentor- Mentee policy of our college is based on our sanstha's motto 'Education for Knowledge, Science and Culture'. Student mentoring system helps for grooming of students and assesses their academic strengths and orients them to choose appropriate academic careers. This system also helps students to adapt to new environment especially for students coming from rural and hilly areas. The College has been on the forefront in mentoring students and imparting to them required knowledge and guidance.

The IQAC of the college has formalized the mechanism to mentor and guide all students seeking admission for all programmes. It is expected that each teacher conducts at least two sessions of mentoring per semester and maintains the record of such sessions in their respective department.

### ❖ **OBJECTIVES OF STUDENT MENTORING POLICY**

The objective of this Student Mentoring Scheme is to identify fundamental mechanisms that will

- 1) Provide students with career counseling.
- 2) Provide students with information on various skill courses, bridge courses and value added courses etc. for their academic prosperity.
- 3) Focus and motivate students to achieve learning goals and thereby improve their academic performance.
- 4) Generate curiosity and interest in academics and other institutional activities amongst the students.
- 5) Guide, encourage, and advice the students about their student life, mental and emotional well-being and listen to their issues with patience and help them solve their concerns with appropriate resources, support and referral available.

### ❖ **SCHEDULE OF MEETINGS**

Mentors and student mentees will meet according to a pre-arranged calendar, as well as per need of the student or the moment. They will be introduced to each other in the first few weeks after admission. Mentors and mentees should meet at least twice in each semester.

❖ **HUMAN RESOURCES:**

1. Mentor- Teacher
2. Mentee-Students

❖ **MENTOR- MENTEE ALLOCATION**

Mentor- Mentee allocation for First and second year of each programme will be done by IQAC and for last year by that concerned department. Mentor serve as a thought partner for students on their academic journey and help empower students to become agents of their own change. They express understanding of student's aspirations and fears, and support their success by acting as an advocate for students' best interests.

❖ **ROLE AND RESPONSIBILITES OF THE MENTOR**

A mentor should wear multiple hats. For effective mentoring, the mentor should embrace the ability and willingness to

1. Provide guidance and help to the mentee in navigating through her/his difficulties in student
2. life and enable them for meaning academic experience.
3. Coach to advise the mentees on how to accomplish their goals
4. Share mistakes, failures and lessons learned.
5. Communicate through active listening. Focus fully on the mentee and show active verbal and non-verbal signs of listening.
6. If any student needs special academic tutoring, the mentor may direct the mentees to an appropriate faculty and may even ask the faculty to help their mentees in a particular area
7. Maintain strict confidentiality of the information shared by the mentee.

❖ **MENTEE'S ROLES AND RESPONSIBILITIES**

1. Mentee is responsible for initiating contact with the mentor and should be prepared and punctual for the mentoring sessions.
2. Mentee is responsible for establishing the agenda for the conversation. The student might even email topics to the mentor ahead of time. At the beginning of each session, the mentee should provide a brief update on progress since the last conversation.

3. Mentee should share his/her ideas, concerns, and professional goals so that the mentor is able to place the situation in perspective.
4. Mentee should focus on the relationship, rather than outcomes. Mentor's role is not to provide a job; it is to share valuable experience with the mentee.
5. Mentee should ask direct questions about what he/she most wants to know and shouldn't be shy about asking. Mentee is responsible for ensuring that the conversation meets, his/her needs

❖ **STEPS IN THE MENTORING PROCESS**

1. Mentor-Mentee allocation to be done at the beginning of the academic year.
2. The mentor-teacher should call for a meeting with the allocated students. Mentoring relationship should be characterized by mutual respect, trust and warmth.
3. The students are to be asked to fill the SWOT form given by the mentor. The SWOT forms would be submitted to IQAC at the end of the year. In the meeting the mentor- teacher will clarify student's query. In case of emotional issue the mentor-teacher would have to connect the student with the counselor, student counseling cell of the college.
4. The frequency of meeting is at least twice in a semester.

❖ **MENTORING FOCUS**

The mentor teacher can have discussion around the topics mentioned in the table.

<b>For all UG Programmes</b>	
<b>Class</b>	<b>Mentoring Focus</b>
First Year	Helping mentees deal with adjustment issues and developing self awareness by using SWOT
