Action Taken on feedback on Curriculum 2022-23

Feedback was obtained on curriculum from four key stakeholders, i.e. students, teachers, alumni, employers, and the academic peers in the year 2022-23. The feedback was collected online in google forms and in person in hard copies. The analysis of the feedback and the main suggestions of the stakeholders were presented before the Academic Council. BoS chairpersons are members of the Academic Council.

The subject specific suggestions were forwarded to the respective departments for further discussion and decisions. After discussion at departmental level, the respective Heads put forth important recommendations in their BoS. Significant suggestions regarding syllabus are discussed in the BoS and are sought to be incorporated in the syllabus designing and revision of the subsequent year. Feasible and required changes and incorporations are made in the syllabi of the specific programmes.

The following is the summary of actions taken on stakeholders' recommendations on the curriculum implemented at the college.

Sr.	Item	Action Taken
No.		v v
Stude	ent Feedback	
1	Make the curriculum more	The VSC, SEC, OE, CEP courses in the NEP
	practical.	syllabi of all the subjects have been designed
		to include the practical components and
		subject specific skills.
2	Use of modern pedagogy	The college has undertaken large scale
	techniques.	infrastructural and technology upgradation.

		Creation of a greater number of smart
		classrooms, computer laboratories and
		recording facilities have enabled teachers to
		use modern pedagogy techniques. Syllabus
		revision under the NEP which includes non-
		conventional courses in each programmes
		has also called for and ensured change in
		the teaching methods by teachers and
		incorporation of case studies, projects,
		surveys, group discussions, posters etc in
		teaching -learning process.
3	Need to inculcate internship	Internship programmes are included in the
	programmes for students.	programme structures adopted under NEP
		for specific programmes. Students are
		encouraged to undertake internships apart
		from their curriculum requirement as well.
		le u
4	Should conduct more seminars for	As per this recurring suggestion in the
	career opportunities.	recent years, it is increasingly ensured by
		the departments that the career
		requirements of each field and the related
		skills feature in the activities/workshops/
		seminars/competitions organised by them.
5	Hands on activities should be used	More hands-on and software training and
XI	to supplement lectures and using	use of audio-visual media and projectors
	projector for particular topic which	have been included in curriculum
	is useful than books.	implementation and content.
6	Computer language needed for	The department of Geography has
	strengthening syllabus.	introduced Python, AutoCAD.
7	Introduce CoC on Data Science.	The department of Mathematics offers the
		JAND CO

		Value Added Course on data science.
8	Include software such as Minitab,	The department of statistics has introduced
	SPSS, Python.	the said software.
9	Improve student participation in	All the committees have been included
	the organisation.	student representatives in their
		composition.
Alw	mni Feedback	
1	Update the syllabus as per the	The community engagement programme
	growing competition and focus on	courses in BA and SECs and VSCs of all
	practical skills, dealing with real	programmes focus of real-life skills and
	life situations, etc.	practical skills. E.g. the SEC II of Political
		Science contains knowledge of FIR writing,
		legal aid provisions.
2	Students can get more exposure to	Departments have come to organise a grater
	academia and industries if a	number of field visits including field
	greater number of field visits are	surveys as part of NEP curriculum and the
	conducted.	revised third year curriculum.
3	Provide well-equipped laboratory	The college is in the process of expansion of
	for students.	major laboratories, e.g. Physics, Chemistry,
		Statistics, B.C.S. and purchase and
		introduction of cutting-edge software in
		curriculum.
Tea	cher Feedback	
1	Need to implement new	The technological content in the syllabi has
	technology related subjects and	been expanded by a number of departments
	industrial interaction should be	from basic to advanced. The professional
	increased. Needs to give more	programmes like BBA, BCA, Commerce
	weightage to local and regional	organise frequent visits to
	requirements of industry/markets	industries/companies/organisations in the
	with updated syllabus.	locality and region. Departments have done
		MoUs with relevant industries in the region

		and the number of MoUs as increased over
		the period. Association with these industries
		influence the curricula developed and
		activities planned by the departments.
2	Need to include industrial	The department of Computer Science has
	requirement aspects mostly of IT	facilitated IIT Mumbai Spoken Tutorial
	industry.	courses for the science faculty students in
		the college which train students in use of
		advanced technology.
3	Provide professional development	The college shall organise faculty
	opportunities for teachers.	development programme on modern
		pedagogy, use of ICT and MOOC
		preparation in this academic year.
4	There is need to moderate the	The syllabi have been revised from 2021-22
	syllabi as per students' learning	onward based on the experience of
	capacities.	reception of the newly introduced syllabi
		post 2018. Students' learning capacities are
		kept in mind in the revision of syllabi.
Employer Feedback		e general and a
1	Do maximum Industrial visits.	Departments organise industrial visits for
		exposure of students as part of extension
	1	activities.
2	Syllabus should be updated to	The syllabi of various programmes are
	include SET NET UPSC syllabus.	aligned with the requirements of
		competitive examinations in those
		respective subjects. Giving our students a
		competitive advantage over others has been
		a main consideration in syllabus revisions.
3	Curriculum should be designed	The college has planned to organise a
	according to requirements of job	greater number of industrial trainings and

	offering company.	interactions and placement drives in the
	onering company.	*
		academic year 2023-24. All departments
		have been instructed to do at least one MoU
		with aligning industry. This will help
		modernise the syllabus as per industry
		requirements.
4	The latest technologies used in the	The professional and science departments
	industries should be included in	and Geography upgraded their syllabi to
	the curriculum.	include use of technology as key

Action Taken Report on Feedback on Curriculum- 2020-21

Feedback from the stakeholders is an invaluable measure of assessing the quality of academics in the institution. Multi-dimensional feedback on curriculum is collected and utilized for continuous overall development of the college. The feedback on the curriculum implemented in the academic year 2020-21 was obtained from four stakeholders, i.e. students, teachers, alumni, and employers. The formal feedback was taken through online mode and the informal was registered by the stakeholders in class, department meetings, campus placement drives etc. The combined analysis report is conveyed to the BoS chairpersons through Academic Council.

Action Taken Report on Feedback on Curriculum- 2019-20

The feedback on the curriculum implemented in the academic year 2019-20 was obtained from four stakeholders, i.e. students, teachers, alumni and employers. The formal feedback was taken through online mode and the informal was registered by the stakeholders in class, department meetings, campus placement drives etc. The combined analysis report of the formal feedback was presented in the Academic Council of which BoS chairpersons are members. The particular points in the subject specific feedback given by the stakeholders are considered at departmental level and the respective BoS. The recommendations that are found to be important and feasible are incorporated in the subsequent syllabus designing. The following is the summary of Action Taken on inputs regarding curriculum given by stakeholders.

Stakeholder	Feedback	Action Taken
Student	Start tourism course.	Travel and tourism value added course is

Analysis of Stakeholders' Feedback
and Action Taken Report
Academic Year 2018-19

Table 1. Students' Feedback and Action Taken Report

Sr. No.	Feedback	Action Taken
1	Career Oriented Courses (CoCs) be made compulsory in every department.	Thirty five CoCs have been proposed. It was decided in the IQAC meeting held on 20 April 2019 that it be mandatory for every student to take one CoC and fees be collected at the time of admission. It has been decided to invite expertise from outside the college for the CoCs offered.
2	Students suggested the need to take extra classes.	departments.
3	Students expressed the need for more career guidance.	The college has decided to strengthen pre-placement activity and deliver a programme by registering students for placement at the start of the year. Teachers have been indicated to focus on career guidance in their interaction with students.
4	Students have expressed willingness to enhance digital learning.	Departments have been notified to identify SWAYAM course and incorporate them in the Second Year curriculum. Relevant courses will be thus incorporated.

Table 2. Teachers' Feedback and Action Taken Report

Sr. No.	Teachers' Feedback	Action Taken Departments were notified to identify
1	More than half of the teacher respondents indicated the to raise the employment orientation of the syllabi.	relevant industries for their respectively subjects. Departments have indentified and enlisted such industries. Learning outcomes will be accordingly.
2	Technology orientation of the syllabus can be enhanced.	It has been decided to incorporate SWAYAM MOOC courses in the Second Year curriculum. All departments have prepared the plans of their use of LMS and ICT in the seming academic year.
3	Teachers have expressed need of smart classrooms.	from the next academic year.
4	There is scope for more inclusion of cross cutting issues like gender in the curriculum.	Women Studies Center to the UGC.
5	Internal evaluation formats be designed according to Cos, PSOs.	It was resolved in the Academic Council meeting of 07.03.2019 that BoSs will for their internal evaluation structures of the Second Year according to their respective learning outcomes and submit those to IQAC before end of this academic year.
