# **National Cadet Corps**

(5 MAH BN NCC & 6 MAH GIRLS BN NCC, KOP)

(2020-21)

#### One Page Report: Tree Plantation and Cleanliness

1.	Name of the Department	National Cadet Corps						
2.	Name of the Activity	Tree Plantation and Cleanliness						
3.	Date / Duration	01/11/2020						
4.	Aims & Objectives	To maintain cleanliness and hygiene in our surroundings.						
	!	To promote the message of cleanliness accountability within society.						
		To create awareness about Tree Plantation.						
5.	No. of Beneficiaries	<u>Total</u> 97 62 girls						
		attendee 35 boys						
6.	Expenditure &Fundings							
7.	Brief Discussion	A tree plantation, forest plantation, plantation forest, timber plantation or tree farm is a forest planted for high volume production of wood, usually by planting one type of						
		tree as a monoculture forest. A forest sequesters carbon in its trees. The forest removes carbon dioxide from the air as trees grow and returns it to the air as trees die						
		and rot or burn. As long as the forest is experiencing net growth, the forest is reducing						
		the amount of carbon dioxide, the leading greenhouse gas, from the air. Furthermore,						
į.		if timber is regularly removed from the forest and turned into lasting wood products, those products continue sequestering carbon, while the replacement tree farm trees						
		absorb more carbon dioxide, thus effecting a continuous reduction in greenhouse gas.						
		Nearby people were motivated by the action of cadets to plant more trees. Trees play a critical role for people and the planet. The program was initiated by Kolhapur						
		Municipal Corporation in guidance of Capt. Sunita Bhosale and ex-cadets.						
8.	Outcomes	The cadets planted nearly 15-20 plants.						
		They got self-aware and created awareness about cleanliness.						

Lt. J. R. Bharamgonda
Coy Commander
NCC, Vivekanand College
